

TrueCare24 is helping the Colorado state to enable Vaccination for all

SAN FRANCISCO – April 1, 2021 – TrueCare24, a nationwide Health & Wellness platform for families and businesses, announced today that it will be overseeing and administering Colorado’s mass vaccination event, taking place at Ball Arena, in Denver, Colorado, as part of his Vaccines for All effort.

The site will be a drive-through site providing just over 1,000 vaccines per day, with the ability to scale to 6,000 vaccinations per day as the federal vaccine supply increases. All vaccines are free with no co-pay.

“We’re very excited to be an authorized full-service vaccinator for Colorado,” says Leo Popov, Co-founder of TrueCare24. Ball Arena is one of the six Community Vaccination Sites to support the state's goal to provide vaccines for all.

An advanced comprehensive model designed and implemented by TrueCare24 goes beyond corporate services to connect live-in and personal care service providers with customers. Designed for individuals and families, its platform, known for its executional excellence, guarantees the quality of the care provided by conducting thorough background checks and monitoring the quality of the services at each step.
